

Statement of **NANCY PYLE**, Candidate for  
**Member, San Jose City Council, District 10**

**Occupation:** San Jose City Council Member, District 10

**Education and Qualifications:**

The neighborhoods of Almaden and Blossom Valleys are a great place to live, work, play, raise a family and retire. I'm proud of the work that we have done on the San Jose City Council to improve our community. There have been many successes but there's still more to do.

As your City Councilmember, I will redouble my efforts to make city government focus on the basics like - keeping our community safe from crime, building a more vibrant business community, repairing and maintaining our neighborhood streets and parks, and supporting facilities for youth and senior programs.

I will continue working diligently on the services that build community strength. As a former award winning teacher at Castillero, Erikson and Carson who raised two children as a single mother, I understand the importance of our city's role providing our youth with positive after-school and recreational activities. That's why I will continue to be a strong advocate for our youth and seniors.

Please join Mayor Chuck Reed, former Mayor Susan Hammer, Supervisor Don Gage, the San Jose Police Officers' Association, the San Jose Firefighters and many more in supporting me, Nancy Pyle for San Jose City Council. Learn more at [www.NancyPyle.com](http://www.NancyPyle.com).

I humbly ask for your vote.
